To Whom It May Concern:

Please accept this as a strong letter of recommendation for Natalia Narajczyk. I had the pleasure of serving as her cooperating teacher for her student teaching experience. I am the general education teacher for a kindergarten classroom in the Chicago Public Schools. During her tenure as student teacher, she spent time observing my teaching then eventually took control of all teaching responsibilities. Ms. Narajczyk showed the utmost professionalism during her time in my classroom. She successfully designed and taught several successful instructional units. She organized engaging lessons, events, crafts, and always ensured students were learning new material. Ms. Narajczyk successfully demonstrated her awareness of different learning styles and has adequately adjusted instruction and assignments to meet the varied needs of students.

Ms. Narajczyk developed a wonderful rapport with her students. She created a community in which students could learn, make mistakes comfortably, and feel valued. She was very positive and patient with students, especially during a time of uncertainty and constant change. She was always encouraging and supportive when they needed additional support. She consistently showed that she could control the class with wonderful classroom management while simultaneously teaching students in-person and online. She adjusted to the ever-changing environment flawlessly and jumped into her role with ease.

I am confident that she will be an asset to the community, staff and students of her new school. Ms. Narajczyk has demonstrated that she is a dedicated teacher. You would be lucky to have her join your staff.

If you have any further questions, please contact me directly at (708) 601-8100 or amrestko@cps.edu.

Sincerely,

Allison Soldner
Kindergarten Teacher
