To whom it may concern-

I am pleased to be writing this recommendation letter for Natalia Narajczyk. I have had the pleasure of working with Natalia as a teacher at the daycare I own and direct. She has shown her true passion for teaching through her dedication and hard work in the classroom. Natalia has showcased great leadership and organizational skills, presented new ideas, was very reliable and always had a professional demeanor. Beyond this, Natalia has a natural gift for teaching children and the kind, caring and responsible personality that any person would want to see in a teacher at their school.

In addition to the knowledge gained through her early childhood degree, Natalia also has years of experience under her belt which makes her very qualified for a teacher's position. She has worked as a teacher in our facility, but also has worked one on one tutoring children of various ages. In addition to her wonderful experience, she's able to create a safe and nurturing environment for the children by planning creative curriculum, updating parents on child's progress and recording proper documentation on development of each child. During her various roles in the professional world, Natalia took on many different leadership roles, worked with various professionals, communicated effectively with parents, and created curriculum in accordance to the children she was working with. She has turned her knowledge gained in school into a skill set to ensure that every child she encounters is receiving the appropriate care and learning opportunities for their age and developmental level; which will come to great use when planning a curriculum and instructing students.

Furthermore, since student teaching, Natalia has already created a name for herself by not only making a difference in many children's lives, but also forming close bonds, in a short period of time, with the families that have their children enrolled. I believe this, in addition to her strong skill set and lengthy experience, shows that she has what is needed to be a wonderful teacher. Natalia will be a remarkable asset to any school and program.

If you have any questions, please feel free to contact me.

Sincerely,

Jessica Barnas-Potrawski
